

Engraving Inspiration for your HELLA TEK

When we engrave a HELLA TEK with ONLY inspirational or motivational words, the TEK will not be “activated” with the orange enamel cross. Only activated TEKs alert First Responders to critical personal medical/emergency information.

10mm TEKs hold 3 lines of engraving. Each line can be up to 24 characters including spaces.
5mm TEKs hold one line of text, with 24 characters including spaces.
